WHY IS ADVERTISING SO NECESSARY TODAY?

Because our economy is geared to mas production, and mass

production is impossible without large markets which advertising helps to create. In America particularly, advertising has become the magic key that opens the door to more production, more jobs and a higher standard of living. Advertising increases production

-and speeds the march of science-because it gives the producer incentive. A man with a new or improved product knows he can get his sales message across to millions of persons in a short time. If they like his product, it will move quickly. Thus he receives prompt return on his investment and the incentive to further improve what he makes or to bring out new products. Before the days of modern advertising, even the most useful inventions sold very clowly. The first commercial telephone switchboard was installed in New Haven in 1878. From that date, it took 45 years to sell 15 million telephones. Commercial television began in 1947. It

HOW DOES ADVERTISING SELL GOODS AND SERVICES?

By making known to the public the better values which producers offer in competition for the buyer's selection. The first and most obvious value a product can have is familiarity. Thus some advertising simply aims at making a product well known, without claims, without even pleas to use the product. This is the oldest use of advertising, and it fills a basic human need-ornentation in a kaleidoscopic world. When we have been made familiar with a product we are likely to buy it for that reason alone. Hence the appel of "name brand" products.

Advertising also makes known a variety of other values for which a manufacturer wishes to have his product chosen. One tire maker, for example, will stress low prices while another makes no mention of price, but stresses safety, pointing out that his tire is puncture-proof and retards skidding.

Further—and this may be most important of all-advertising can dramatize the enjoyment that possession of the product brings. An auto advertisement, for example, pictures the latest

Two Homers For Mantle

Cincinnati at Pittsburgh and Milwaukee at Philadelphia were Chicago 5, Boston 1 rained out. These were the first postponements in either league since July 7, although several games which had been started had Philadelphia at Cleveland to be called because of bad New York at Detroit weather.

Mickey Mantle led the Yankee Boston at Baltimore raid into Indian territory with two home runs. Joe Collins hit one. Rookie Bob Grim, with late inning help from Johnny Sain, posted his 14th victory. Sain gave up the only two Cleveland runs-a one-on homer by Larry Doby in the eighth.

The White Sox managed only five hits off five Boston pitchers but they got them when they counted most. Phil Cavarretta's two-run double in the first was the big blow se Bob Keegan won his 14th game. Busy Day For Stan

A double by Wayne Belardi and a single by Al Kaline ruined Bob Porterfield's shutout bid with two out in the ninth at Detroit but the Washington righthander choked off the rally in time for his 11th triumph. Mickey Vernon homered off loser Steve Gromek in the fifth.

Stan Musial, who always has looked upon Ebbets Field as a real home away from home, drove in seven runs in the Cardinals' onesided victory in Brooklyn, Musial hit two home runs, his 29th and 30th, each with two aboard, and drove in another with a sacrifice

PUBLIC COURSE NEARLY LIKE A PRIVATE CLUB

PLEASANT VALLEY, N. Y. (A) -There are mighty few uncrowded public golf courses, and there probably will be one fewer when these words get around.

Public links golfers, a long-suffering breed, have been slow to discover the big \$1,000,000 18-hole layout at James Baird State Park, on the Taconic Parkway about 60 miles from New York City. Mummasburg May Cop Title Sunday; **Seven Other Games**

Mummasburg can clinch the South Penn Baseball League regular season title Sunday afternoon by a victory over secondplace Wenksville on the latter's field. Mummasburg holds a twogame lead with but three games remaining on the schedule.

In other league games Sunday Greenmount plays at Bonneauville, Hunterstown at Taneytown, and Harney at Brushtown. All hold importance in determining the final four teams for the league playoffs.

Manager Johnny Wetzel of Cashtown has announced that Marlin "Skip" Fiscel, Gettysburg, who has been released by Hopkinsville, Ky., of the Kitty League, has joined the Cashtown squad and may see action on the mound against Fairfield.

The triple tie for third place in the Pen-Mar League between Emmitsburg, New Oxford and Cashtown is certain to be broken Sunday. Emmitsburg plays at New Oxford while Cashtown entertains Fairfield, Fairfield trails the league-leading Blue Ridge Summit team by only one game.

In remaining contests Thurmont will be at Blue Ridge Summit and Union Bridge will play at New Windsor.

WIFE'S PUTTER AIDS LEADER IN TAM O'SHANTER

By CHARLES CHAMBERLAIN CHICAGO (A)-A jolly, 225-pound pro from Tuscaloos, Ala., who filched a putter from his wife's golf bag, today dared the bigname performers to catch him after an unprecedented start in the \$25,000 All American money chase at Tam O'Shanter.

Bespectacled Hal Williams, 34, got up at the crack of dawn to start his first round yeserday, finishing at 9:30 a.m. with a fiveunder-par 67.

He had a haircut in the Tam barber shop, stopped for coffee and doughnuts then retreated to a motel to relax through the day.

His 67 withstood the challenge from 129 other pro shooters and gave him the first round lead by one stroke over Canadian Rudy Horvath, Australia's Peter Thomson and Norm Van Nida and Bel-

gian Flory Van Donck. Sets Precedent

For the first time since the Tam O'Shanter tournments were inaugurated in 1941, the score of an early finisher stood up for the day. Williams told of "borrowing" his wife's putter recently and taking only 22 strokes on the greens at Erie, Pa., tourney after using 38 with his own club. Yesterday the

RED REFUSALS OF PROTESTS DO NOT ALTER FACTS, SAYS U.S.

Thina's double dismissal of Amrican protests was shrugged off by top U.S. officials today as a resture which could not erase the ecord made against the Reds.

Protest notes were sent to Peiping through the British governnent over a week ago to register anger at the killing of three Americans in a British airliner shot down by Con.munist fighters July 23 off Red-held Hainan Island. The United States demanded punishment of those guilty of the attack and compensation for the three Americans killed and three others

The Reds rejected this protest as well as one against attacks on American fighters by two Red figher aircraft. The protest against the fighter attacks was strictly for the record since American planes shot down the two Red aircraft.

Note Refused Again

In a second note on Wednesday, the United States renewed the protest and demands for compensation. Washington told the Chinese that British ownership of the plane did not relieve Red China of responsibility. ponsibility for the deaths of the Americans Peiping announced yesterday that the Reds, who have apologized to Britain and offered to pay damages, again refused the American note.

Officials here said other steps were under consideration, but that tively unimportant because the awful hour of nine years ago. United States made its real reaction known when it dispatched two aircraft carriers to the trouble area immediately after the July Hiroshima 23 attack on the airliner andwhatever the provocation - shot down two Chinese fighter planes. It was suggested that was strong action which the Reds would readily understand.

the wages and salaries of your company's employees If he can get a superior product elsewhere, or get it cheaper, of course he'll buy that.

You are the boss when it comes to deciding what you will do with your dollars that don't have to be spent. Why not deposit them here, and be ready for future emergencies ... opportunities? Next payday is a good time to start.
